

STRATEGY MANAGEMENT SOLUTION PACK

Review, formulate, and execute your strategy: Includes staff training and ClearPoint Strategy software to monitor outcomes

The Solution Pack gives you and your organization the opportunity to review and update your strategy with our senior strategy consultants. They will help you understand performance gaps, growth opportunities and how to sustain your business successfully. Our strategy consultants will also support you to establish how to measure your success as well as prioritize your initiatives and projects.

In one week only you have it all... from strategy review to monitoring with ClearPoint software

You will receive a ClearPoint Balanced Scorecard software that allows your company to manage its strategy map, objectives, initiatives and action items with measurements all in one place hassle free.

Earn also an "Executive Premium" with this Solution Pack.

Solution Pack Timeline One week - Monday through Friday

Day 1: Current Company Strategy - Assessment and Management Interviews

Our strategy consultants will provide full support to you and your organization in reviewing your current strategy, building strategy maps, establishing KPIs and initiative portfolio to implement it. KPIs will be identified for your strategic objectives with the corresponding targets.

Day 2: Strategy Best Practices Training

You and your staff will receive training on strategy design and strategy management. On this day, we will discuss and present practical examples of strategy management best practices.

Day 3: Strategy Review and Update Workshop

Your strategy will be updated for best performance and sustainable growth.

Day 3/4: Strategy Data Input into ClearPoint

Take ClearPoint with you wherever you go! Our tool is responsive and works on phones and tablets with ease.

Day 5: Strategy Monitoring Simulation

ClearPoint allows you to report on your strategic KPIs, your strategic initiatives and helps you to analyze data and make decisions. It also helps you to align and communicate the outcomes and corrective actions to the organization. The strategy consultant will help you to organize and perform on your next strategy-monitoring meeting. He will simulate and coach your executive team on the agenda and expected outputs of such meeting.
